

Care that is coordinated to help patients manage their chronic diseases such as diabetes, heart disease, high-blood pressure, cancer, and many other ailments that require multiple health teams.

Training to increase diversity within the health professions so that patients have more choice of providers who are racially and ethnically diverse. Also, health plans will be required to use language services and community outreach in underserved communities.

Expansion of the health care workforce with increased funding for community health centers, which provide comprehensive health care for everyone no matter how much they are able to pay.

Banning insurance companies from discriminating against those patients who have been sick. No longer will sick patients be excluded from coverage or charged higher premiums. Neither will women have to pay higher premiums simply because of their gender.

I am confident that if we repeal Affordable Care Act, we present a grave, unhealthy danger to the lives of our most vulnerable populations who need health care most by playing politics.

I urge my Republican colleagues to revisit the thought of repealing the Patient Protection and Affordable Care Act by working with eager Democrats to continue building a bridge to a healthier America—for all.
